Please use the slightly updated Briefing Document (version 2.0) attached here. Thanks. - Jon

Bob/Ann et al -- please find attached materials for the Dimock PA drinking water contamination issue briefing on Wednesday morning. The materials include responses to questions identified during the meeting on Monday of this week, a summary of the Key Points of the Open Letter to the Administrator, and an updated Organics data table for reference.

We look forward to addressing any questions on these or related items. Thanks.
